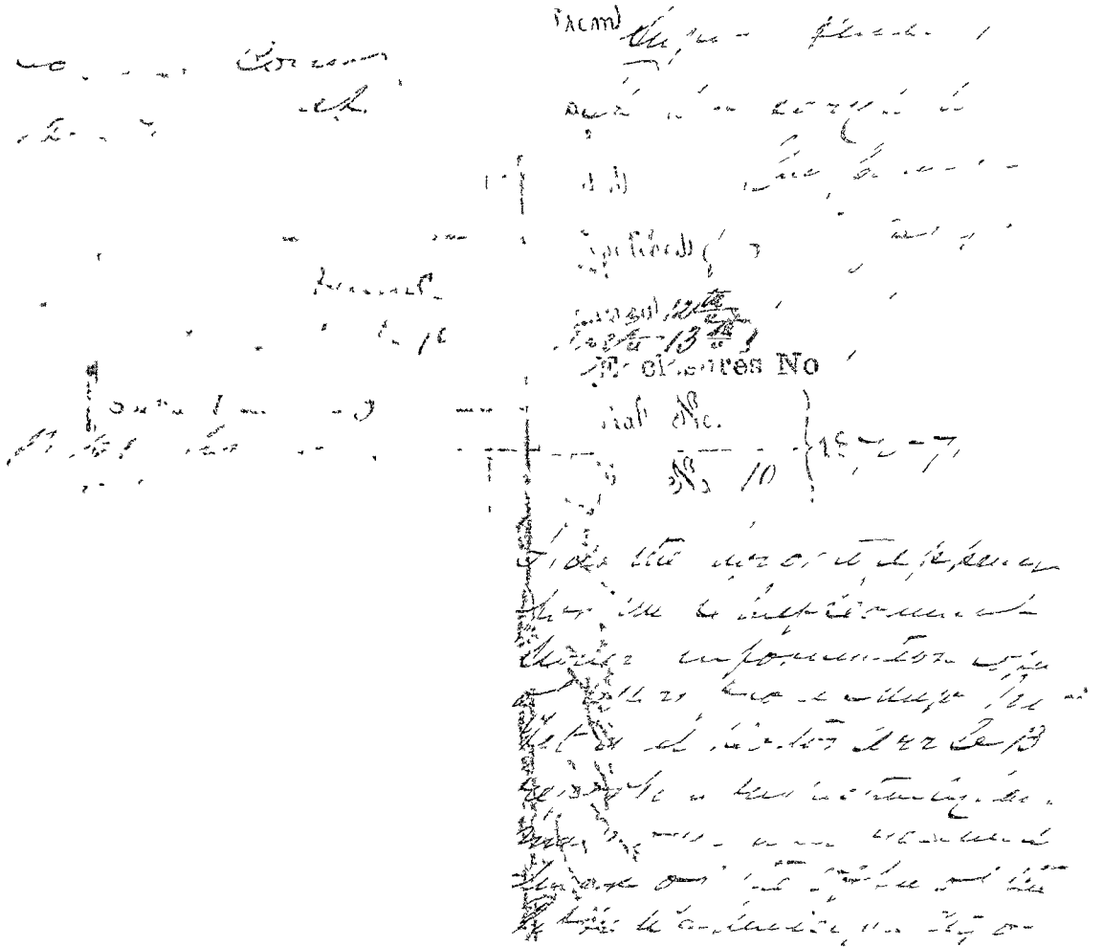
Captain & Secretary
Cantonment Municipal Board



I feel this question to be [illegible] I may [illegible] Hon. to submit the disposal of it to the Chief Commissioner.

Regulation 14 page 4 of letter. The proviso of Section 13 of Madras Municipal Act has been added as directed, but I beg to observe that that Act provides a Minimum and Maximum salary for the President and only recently measures have been taken so to amend it as to [illegible] of the President, an officer appointed to act should be suitably remunerated for the [illegible] I would therefore respectfully propose that the original text of these Regulations be retained, or the addition directed be made with a counterbalanced by any proviso as to which the Municipal Act contains, and thus would preclude the President being able to obtain any leave at all, unless he pays from his own pocket the full amount to be drawn by the officer who acts for him.

Regulation 91 page 7 of letter. A proviso has been added directing that the Estimates of the work shall be sent to the Government of India, but as this appears to be more a matter of detail than a legal requirement. I beg to submit the question as to whether its permanent insertion may be necessary

Regulation 96 page 8. It is here remarked that "In the latter Regulation the words used do not cover the same ground on the disposition of Under Regulation I". As I am not clearly understand to what alteration this refers to. I have respectfully
